MID-TERM EXAM

I will be going over the **Mid-Term** in class before you start.

Please write your **name** at the top of **pages 1** and **2**.

If you need a **pencil**, please come see me for a **loaner**.

And now...

The Mid-Term Exam

150 Total Points

6 - True/False Questions	30 Points (6 x 5 points)
8 - Multiple Choice Questions	40 Points (8 x 5 points)
2 - Traces	40 Points (2 x 20 points)
1 - Writing Code Section	20 Points (1 x 20 points)
1 - Finding Errors Section	20 Points (1 x 20 points)

Entire Class Time Scheduled for Exam

(should take less, approximately 80-90 minutes)

When you have **finished** with your exam, quietly hand it in, pack up your personal belongings (if any), and quietly exit the room so as not to **disturb** those who are still taking the test. I will make every effort to have all tests **graded** and **returned** to you at your **next class!**

The exam is stapled – You are free to remove the staple to take the test, just make sure to staple it again before handing it in. If you need help removing the stable, I would be willing to help you with that

Closed Book, Closed Notes:
